

UPCOMING EVENT

The 11th National Conference of the Primary Care Diabetes Society

Thursday 5 and Friday 6 November 2015

The Conference Centre – National Motorcycle Museum | **Birmingham**

The year 2015 sees the Primary Care Diabetes Society move into its second decade. This November, building on the experience gained from its repeatedly successful events, the Society is offering delegates a greater choice of topics than ever before at its 11th National Conference.

As an attendee you will take away the following:

- Insight from the experts on what you need to know to make a difference in diabetes care.
- Hands-on tips that will change your clinical practice.
- A completed workbook to build your CPD profile, supplemented by associated online materials.

Confirmed speakers include: **June James** (Nurse Consultant); **Eugene Hughes** (GP); **Kevin Fernando** (GP); **Jen Nash** (Clinical Psychologist); **Naveed Sattar** (Professor of Metabolic Medicine).

There will be numerous opportunities for networking with peers

Reflecting on the success of the 2014 conference

The Primary Care Diabetes Society's 10th National Conference took place in Birmingham on 20–21 November 2014. At the event there were **30 speakers**, **28 shortlisted posters**, **30 exhibition stands** and **more than 700 participants** across the 2 days – all of which made it bigger than any previous conference run by the Society.

Combined session ratings at the 2014 conference

Averaged across the sessions, **96.2% of delegates** rated the content as “**Excellent**” or “**Good**”

Jonathan Valabhji (National Clinical Director for Obesity and Diabetes, NHS England) and Colin Kenny (GP, County Down) take questions from the floor during a plenary session at the 2014 conference
